Tired of Writing Checks?
Sign up for Electronic Contributions!

What is electronic contribution?
Electronic contribution is an automatic transfer program that allows you to make contributions without writing checks.

What is the advantage of electronic contributions?
It saves you time, costs SVPC significantly less fees than PayPal and helps SVPC stabilize its budget.

How is my electronic contribution automatically deducted from my account?
Once you authorize the transfer, your specified contribution is electronically transferred from your checking or savings account to our church's account.

When will my contribution be deducted from my account? On the 1st of each month. You never have to worry about forgetting a contribution, even if you miss church or go away for vacation.

Is electronic contribution risky? Electronic contribution is less risky than check contribution. It cannot be lost, stolen or destroyed in the mail. It has an extremely high rate of accuracy.

How much does electronic contribution cost you? It costs you nothing.

What if I try electronic contribution and don't like it? You can cancel your authorization by notifying the church office in writing at any time.

How do I sign up for electronic contribution? Complete and sign the authorization form and return it to the church office, along with a voided checking or savings account check. You can also mail this to the church or drop it in the offering plate in a sealed envelope.
